

VISTA | *Grid Showers*

Once a design trend, mullioned shower doors have proven themselves to be a modern classic. Introducing Vista™ by HMI. Our geometric, grid style patterns are a nod to industrial meets vintage style. Fully custom grid lines are designed for your shower's unique configuration. HMI Canvas - Digital In-Glass Printing challenges traditional mullion applications with its ease of cleaning and anti-microbial properties.

We print your grids on the inward-facing side of the glass, allowing for a clean, glossy finish on the interior. Our traditional grids are offered in matte black, while custom colors & textures are available. Our in-house design team assists in creating your one of a kind grid shower work of art. Ask your glass professional to guide you through the steps to designing your HMI inspired dream shower.

Product Details

- ◆ Glass thickness - 3/8" or 1/2" *SGCC Certified Safety Tempered Glass*
- ◆ Traditional Color - Matte Black
- ◆ Custom colors & textures available through our in-house design team
